

Professional Verification Investor Statement

I have seen documentation that indicates that _____
(the “Individual”) has earned at least \$200,000 annually as an individual, or \$300,000 jointly with a spouse, for the past two years. The documentation mentioned above consists of IRS form W2 and/ or IRS form 1040 (or similar tax or income reporting form) and/or statements from a regulated financial institution.

This statement is not a guarantee that the Individual has the income level described above, or that the Individual is an accredited investor, only that I have seen documents indicating that the Individual has an income level that is above the threshold described above.

Recipients of this letter may rely on it in the same manner as if it were issued directly to them.
